- PSES Updates
 - District Poverty Average
 - Data Grouping
 - Direct Certification or Application

Allowable: Reasonable, Allocable and Necessary

Three guiding principles to use when determining allowability:

- **Reasonable** – review items and determine if they are reasonable given the work of the grant and the costs comparative to today’s market value.
- **Allocable** – review items and determine if they meet the intent and purpose of the grant.
- **Necessary** – review items and determine if they are necessary purchases given the work of the grant.
