Title II, Part A Allocations: Calculations for States

- The federal Title II budget is divided amongst the states:

 - 80% of the federal budget is awarded to states based on student poverty status numbers.

13

Title II, Part A Allocations: Calculations for LEAs

- Florida's Title II budget is divided in a similar way:
 - 5% state set-aside for state-level activities and administrative costs.

 - 20% - student enrollment numbers
 - 80% - student poverty numbers

14

Title II, Part A Allocations: Data Used for Calculations

- Survey 3 is used by the Title II office to determine student enrollment and poverty status (free/reduced lunch) numbers.
 - If for some reason Survey 3 is not available at the time of the allocation calculation, Survey 2 final is used.

15

Title II, Part A Allocations: Changes in \$\$ for LEAs

- Changes in LEA allocations from year to year depend on:
 - The budget awarded to Florida after the national allocation calculation.

19

Equitable Services: Suggested Timeline

July 1st:

- Private schools should also have access to 25% of their allocation at this time.

20

Equitable Services: Suggested Timeline

- LEAs will have access to their full allocation amount.
- Private schools should also have access to their full allocation amount.
- “Preliminary” status of allocations should not affect private school accessibility.

21

Equitable Services: Suggested Timeline

Throughout the school year:

- Pursuant to section 8501(c)(3), consultation should continue throughout the implementation and assessment of activities.

22

Equitable Services: Suggested Timeline

Final Allocations Released to LEAs:

- LEAs are responsible for completing the equitable services allocation calculation again to provide private schools access to the updated “final” numbers.

Equitable Services: Allocation Calculation

Example of Formula to Determine Amount for Title II, Part A Equitable Services

A. Number of Students	
A1. LEA Enrollment	900
A2. Participating Private Schools Enrollment	100
A3. Total Enrollment = A1 + A2	1,000
B. Title II, Part A Allocation	
B1. Total LEA Allocation	\$1,000,000
B2. Administrative Costs (for public and private school programs)	\$50,000
B3. LEA Allocation Minus Admin Costs = B1 – B2	\$950,000
C. Per Pupil Rate	
C1. B3 divided by A3	\$950
D. Equitable Services	
Amount LEA must reserve for equitable services for private school teachers and other educational personnel = A2 x C1	\$95,000

- Detailed information about LEA responsibilities can be found in the [Title II, Part A: Equitable Services Technical Assistance Document](#).

Equitable Services: Private School Use of Funds

- The only authorized uses of funds private schools do not have access to are class size and any activity including salaries.

25

Equitable Services: Charter Schools

- Charter school equitable services will be discussed during the main Title II breakout sessions.
- Detailed information about LEA responsibilities can be found in the [Title II, Part A and Charter Schools – Technical Assistance Document](#).

26

Supplement, Not Supplant

- Supplement: something that completes or enhances something else when added to it; add an extra element or amount to.
- Supplant: replace; to take the place of and serve as a substitute.

27

Supplement, Not Supplant

Title II, Part A funds cannot be used to *replace*, or off-set, state and local investments in education.

28

Supplement, Not Supplant

- From the assurances section the program application:

“The LEA assures that funds received will be used to supplement and, to the extent practical, increase the level of funds that would be made available from nonfederal sources; in no case will such funds be used to supplant funds from nonfederal sources, in accordance with section 2301.”

29

Supplement, Not Supplant

ESSA SEC. 2301:

“SEC. 2301. SUPPLEMENT, NOT SUPPLANT.

“Funds made available under this title shall be used to supplement, and not supplant, non-Federal funds that would otherwise be used for activities authorized under this title.

“Funds made available under this title shall be used to supplement, and not supplant, non-Federal funds that would otherwise be used for activities authorized under this title.”

30

Supplement, Not Supplant

- This is also outlined on page D-23 of the Green Book:

Supplement, Not Supplant

In accordance with program-specific authorizing laws and regulations implementing those laws, federal funds must generally be used to increase, to the extent practical, the level of nonfederal funds that would be available in the absence of federal funds, and in no case to replace these nonfederal funds.

- Title II, Part A funds cannot be used to *replace*, or off-set, state and local investments in education.

31

How do I know if I am supplanting?

Is this expense something that, in the past, was paid with general revenue, state funds, or local funds?

If Title II, Part A funds were to go away completely, would the district continue to fund this activity/position using other revenue sources?

Is the LEA using Title II, Part A funds to provide something that is required by local, state law or policy, or other federal law?

32

How do I know if I am supplanting?

- If the answer to any of the previous questions is “YES,” then supplanting may be occurring.
- If you are still unsure if you may be supplanting, please let me know. We can look at your Title II, part A activities together and discuss.

33
