Review of Data from Program Office

Dear Title I Directors and Administrators,

Attached is the Title 1 Public School Eligibility Survey Report based on files processed as of 02/28/25 for Survey 3 2024-25 for your review. The Bureau of Federal Educational Programs (BFEP) is providing you with these counts as an aid for quality control in the submission of accurate Title I, Part A student lunch status data. As a reminder, BFEP uses the data reported in Survey 3 as a component of the Title I, Part A allocation calculation, and as a data source for the Title I, Part A Public School Eligibility Survey (PSES). A review of the report should ensure that the lunch status codes were applied correctly and under the official lunch provision reported for each school and validate that all of your eligible students are accounted for. Please work with your Management Information Systems (MIS) district staff to verify and correct the identified errors. The final date for updating data for this survey is **April 15, 2025,** after which a final report will be generated and provided.
